TO: District Superintendents

FROM: Paul D. Mock, Regional Manager

DATE: September 26, 2013

On behalf of the Executive Committee of the Southeast Region of the Ohio School Boards Association, I thank you for the nomination(s) you submitted to the Region Recognition Program. Implemented in 1993, this program has become an annual way to help school districts recognize outstanding individuals and programs in the 84 districts throughout the 18 counties in the Southeast Region.

As you can imagine, the difficulty with a program such as this is that only one can be chosen the top recipient in each of the nine categories to be honored at the Annual Fall Conference. The Southeast Region is firmly committed to recognizing the tremendous accomplishments that take place in your district. I hope you feel, as I do, that even though it is impossible to award every nomination with a plaque, the many nominations received still represent truly outstanding individuals and programs.

Enclosed please find certificates of the nomination(s) you submitted. I encourage you to present these certificates at your next board meeting as this can be just as meaningful and special as those who receive plaques. Southeast Region president Daniel Hothem or I would be most happy to assist you in presenting these certificates at your board meeting. Please do not hesitate to contact me.

Again, thank you for participating in the Region Recognition Program! I hope you have an exciting and successful school year!

P.S. It's not too late to start thinking about nominations for 2014! Look for materials in the mail in March.

OSBA leads the way to educational excellence by serving Ohio's public school board members and the diverse districts they represent through superior service, unwavering advocacy and creative solutions.

The
Ohio School Boards Association
Southeast Region

Recognizes

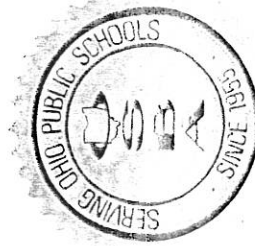

The Academy of Leadership Abilities

Southern Local School District

As an

Outstanding New Program or Innovation

Of the Southeast Region

David G. Mathen
